

RESPIRATORY PROTECTION

VERSAFLO™ V-SERIES SUPPLIED AIR VALVES

- Allows workers to set supplied air flow at the most comfortable level
- Includes valve and waist belt

Model No.	Mfg. No.	Description	Price /Each
SN039	V-300	High Pressure Valve Assembly	
SAI394	V-400	Low Pressure Valve Assembly	

VORTEMP™ SUPPLIED AIR HEATING VALVE ASSEMBLY

- Regulates both airflow and temperature of the supplied air system
- Keeps workers comfortable by heating the air as much as 27°C
- Includes heating tube, waist belt, and holder

Model No. SN037 Mfg. No. V-200
Price/Each \$

VORTEX SUPPLIED AIR COOLING VALVE

- Regulates both airflow and temperature of the supplied air system
- Keeps workers comfortable by cooling the air as much as 27°C
- Includes cooling tube, waist belt, and holder

Model No. SN035 Mfg. No. V-100
Price/Each \$

PORTABLE COMPRESSED AIR FILTER & REGULATOR PANELS

- 4-stage air purification system filters and monitors carbon monoxide*
- Features an adjustable regulator and gauge
- For maximum efficiency air temperature should be 20 to 65°C and relative humidity of the compressed air should be between 20 and 70%
- Packaged in a protective carrying case for total portability
- Includes particulate and nuisance odour filters for worker protection and comfort

Model No.	Mfg. No.	No. of Outlets	Capacity CFM	Price /Each
SN050	256-02-00	4	50	
SN051	256-02-01	8	100	

COMPRESSED AIR FILTER & REGULATOR PANELS

- Filters and regulates air being delivered to a supplied air respirator*
- Economical system that provides single step filtration
- Designed to be permanently mounted to a wall
- Includes particulate and nuisance odour filters for worker protection and comfort
- Features five outlets
- Capacity: 50 CFM
- Note: This unit will NOT remove carbon monoxide (CO) from a compressed air source

Model No. SN052 Mfg. No. W-2806
Price/Each \$

*It is the employer's responsibility to ensure that compressed air used with any supplied air respirator system meets the requirements of CSA standard Z-180.1

ACCESSORIES

Model No.	Mfg. No.	Description	Price /Each
SDS606	W-2808	Retrofit CO Monitor Kit	
SDS607	W-2811-10	Filter Cartridge	

AMBIENT AIR PUMPS

- Low pressure pump used to deliver air to the worker
- Includes a sound reducing chamber, pressure gauge and an adjustable pressure relief valve
- Driven by a 3/4 horse power motor
- Operates on a standard 115 volt, 15 amp electrical supply

Model No.	Mfg. No.	Description	Price /Each
SAI367	8050501	Ambient Air Pump	

SPARE PARTS & ACCESSORIES

Model No.	Mfg. No.	Description	Price /Each
SAI368	8050901	25' Inlet Hose	
SAI369	8050902	Additional 25' Hose	
SAI370	80496-5	Outlet Filter	
SAI371	80515-5	Inlet Muffler	

DUAL AIRLINE BREATHING TUBES & ADAPTORS

Model No.	Mfg. No.	Type	Mounting	Adaptor	Price /Each
